Notes

PDTR 24772 Editor's report for meeting #8

Date: 2008-03-21

Document:

Author: Benito

Changes to the base document – no change bars this release (to many changes in the vulnerabilities to make change bar useful).

- Minor changes to Clause 5 wording, initial words furnished by Dan Nagle
- Changed to Scope section to reflect the discussions reached at meeting number 7
- Added words to 1.4 along the lines recommended in N0108
- Changed the level of the TOC
- Added, deleted or updated all vulnerabilities to reflect the current vulnerabilities directory
- Changed the 6.x.5 header to reflect the discussion reached at meeting #7
- Added the updated vulnerabilities outline as Annex E
- Updated the vulnerability templates to be consistent
